CAMPBELL INTERURBAN PRESS

Old Series—Vol. X, No. 12 | CAMPBELL, SANTA CLARA CO., CALIFORNIA, OCTOBER 20, 1904 | New Series—Vol. I, No. 5

UNPRECEDENTED ...OFFER...

The CAMPBELL INTERURBAN PRESS has made arrangements with Benj. Curtaz & Son for a new $325.00 Piano, to be given to the young lady who receives the most credits for the number of subscriptions to the PRESS during the coming few weeks. We want a number of young ladies to go to work at once for the PRESS. This elegant piano will be awarded absolutely free to the party receiving the largest number of credits on subscriptions. We expect to make other inducements for canvassers to go to work, the full particulars of which will appear in next week's issue. Come in and see us, and the sooner you get to work the better show you will have of earning an elegant piano. ☞This piano will be on exhibition in our show window in a few days.

See Next Week's Paper!

P. S.—All money paid in during the coming week by any party can receive credit and have the amount given to any young lady canvasser.

SOAP BELOW COST! FOR ONLY ONE WEEK

In order to make room for now goods that will arrive very soon I quote the following prices

FOR ONE WEEK ONLY, BEGINNING OCTOBER 24, 1904

Commander Tar Soap, regular 5c, special 3 for 10c.
Dominion Toilet Soap, all odors, regular 5c, 3 for 10c
Fine Toilet Soap, highly perfumed, regular 10c, 3 for 20c
Colgates Honey, Glycerine and Oat Meal, large size, regular 15c, special 10c or 3 for 25c.
Colgates Dactylis, finest toilet soap, regular 25c; special 15c.
Finest Quality Castile Soap, regular 10c, special 5c.
4711 Glycerine Soap, regular 20c, special 15c or 40c per box.
Pears Glycerine Soap, regular 25c, special 15c.
Packers Tar Soap, regular 25c, 3 for 50c.
Cuticura Soap, regular 25c, special 20c.

Phone, Red 24 I. O. O. F. Bldg, Druggist and Chemist

SAN FRANCISCO TO SAN JOSE.

New Electric Road to be Built from San Mateo.

The San Francisco Examiner of Wednesday, Oct. 19th, says: Eastern money has been obtained to build an electric road between San Mateo and San Jose. A private right of way for the line has been obtained, with the exception of a short distance here and there. These latter right of way pieces are now being arranged for. The new road will be about thirty-five miles in length and will cost about $875,000. Incorporation papers are being prepared.

A. T. de Forrest, the Pacific coast manager of the American Steel and Wire company, one of the John W. Gates' properties, is the ostensible head of the new project. W. F. Hanrahan, a well-known San Francisco contractor, has been getting the rights of way for a couple of months past. Mr. Hanrahan says that Mr. de Forest and his eastern connections already have the money in hand to build the road. Active construction work is to begin before the end of the year.

The new line is to pass through Palo Alto, Menlo Park, Mayfield, Sunnyvale, Santa Clara and all other towns between San Mateo and San Jose.

The United Railroads company has an electric line from this city to San Mateo, which is successfully competing with the coast division of the Southern Pacific for passenger travel between those two places. When the company built down to San Mateo it was with the intention of later on extending the line to San Jose.

There seems to be no way of ascertaining if the people behind the new road are connected with the United railroads. The officials of the latter insist that they know nothing about the new project, while Mr. de Forrest and Mr. Hanrahan state that the new proposition has nothing to do with the United railroads.

A. O. Hale, of San Jose, and his associates in the Interurban company have applied to the Santa Clara supervisors for a franchise for an electric road from San Jose north by way of Palo Alto to the south line of San Mateo county. They are also to apply for a franchise from the latter point into the town of San Mateo. It is generally believed Hale and his associates are acting for the Southern Pacific company.

Some boys have been detected throwing stones at the passenger cars while passing Campbell. We understand several windows have been broken and occupants struck. This is a serious offense and the railroad company will deal severely with the offenders.

The Interurban express car has been doing service over the line to Campbell this week in bringing back and forth material for the workmen on the line. New ties and rails have been laid over the Almaden bridge and now the construction crew is pushing things along the San Jose and Los Gatos road. As soon as gravel can be secured the roadbed will be put in perfect order as far as the track is laid. Whether the cars will run before the road is completed to Los Gatos is not announced.

There are many rumors of an extensive electric road building in Santa Clara valley and adjoining counties. There is a proposition to connect this county with Santa Cruz, Monterey, etc. And now comes the statement that the Southern Pacific is to abandon the narrow gauge from Alameda to San Jose and will install an electric road, being a part of the plan to make all the roads running to and from the ferries electric. If this is so our worn out narrow gauge to Santa Cruz will soon be made a broad guage, which would be hailed with delight by all travelers this way. It is certain to come soon.

In speaking of the San Jose-Campbell-Los Gatos short line the Los Gatos correspondent of the *Mercury* says on Tuesday: "Four carloads of steel rails to be used in the construction of the Interurban short line arrived in this city yesterday, and representatives of the company have been in town engaging rooms for the employes on this road, and it is reported that work will commence inside the city limits of Los Gatos tomorrow. It is indeed a time for rejoicing among the inhabitants of the Gem City, for the dream of twenty years is about to be realized, and if the Interurban road does not infuse new life into Los Gatos and arouse everybody here into wideawake activity it will greatly disappoint and surprise the writer as well as a host of enthusiasts, who have full confidence in the belief that a forward movement is on the future's program."

A. D. Phelps, watchmaker and jeweler, and dealer in stationery, notions, bakery goods and choice confectionery. Up-to-date goods at reasonable prices. Soda and ice-cream. Next to post-office.

Birthplace of Presidents.

Theodore Roosevelt is a native of New York city—the first native of that city, or of any large city of the country, to hold the office of President of the United States. George Washington was born in a small town in Westmoreland county, Virginia; Jefferson at Sunwell, Madison at Port Conway, the first Harrison at Berkeley, Tyler at Charles city, and Monroe at a small settlement in Westmoreland—all in Virginia. Jackson's birthplace was at Waxhaw, an isolated settlement on the border line between North and South Carolina. John Adams and John Quincy Adams were born in Quincy, Mass. Grant was a native of Point Pleasant, Ohio; Garfield of Hiram, Harrison of North Bend, Hayes of Delaware, and McKinley of Niles—all of Ohio. Polk was born at Pineville, a settlement in Mecklenburg county, N. C., a town of less than 600 inhabitants. Abraham Lincoln was born at a small settlement in Larue, then Hardin county, Kentucky; General Taylor at a small settlement in Virginia; Franklin Pierce at Hillsboro, Mass.; James Buchanan at Cope Gap, Pa.; Andrew Johnson at Raleigh, N. C. Of the New York Presidents, Martin Van Buren was born at Kinderhook, N. Y.; Fillmore at Summerhill, N. Y.; Arthur at Fairfield, Vt., and Grover Cleveland at Caldwell, N. J.—Chicago Record-Herald.

Miss Lawrence has folio paper, pencil tablets, ink tablets, pencils of various kinds, pencil boxes, pencil sharpeners, erasers, fountain pen ink and fillers, cinch paper clips, paper binders, visiting cards, souvenirs, notions and many other articles.

PATRONIZE OUR ADVERTISERS.

NOTICE TO SUBSCRIBERS.

The CAMPBELL INTERURBAN PRESS when it started several weeks ago after the *Visitor* suspended publication, did so because the editor felt in duty bound by past connections with the paper and having received money on advanced subscriptions. We have been filling out the former list as announced in the first issue we would do. Having applied to the Third Assistant Postmaster General for admission to the mails under the new conditions we have received the permit and in this connection the authorization says: "The authority heretofore granted for acceptance of this publication as second class mail matter under the title of the 'Campbell Visitor' is hereby cancelled." This order recognizes the CAMPBELL INTERURBAN PRESS as the lawful successor to the suspended *Campbell Visitor*.

BOARD OF TRADE MEETING.

The Campbell Board of Trade met Tuesday evening, President Whitman in the chair. After the routine business was disposed of Drs. Gates and Cooper both were emphatic in their remarks that something must be done to secure a better sanitary condition in the town. As long as we have so many extra fruit workers here during the fruit season, and in many instances these people have to live in tents, sheds, and in fact any way, this must of necessity cause an unhealthy state of affairs. Outbuildings are kept in an unsanitary condition and many things done that should not be tolerated. The odors from the decaying dried fruit around the packing houses are not calculated to help matters.

The matter of providing anti-ceptic tanks for the sewage was discussed but was found to be unavailable here. The only thing left to be done is that of incorporation. In this way there will be some authority vested in officers who will see that sanitary conditions are maintained. If this is not done some of these days a health officer will do some cleaning up here that will be expensive to the property owners affected.

A committee was appointed to gather data for incorporation—to report at a mass meeting to be held soon after election. The committee consists of Dr. M. J. Gates. Dr. C. N. Cooper, B. Campbell, E. C. Hurlbert and E. Gilman.

The matter of fixing up the park was left to C. Berry, E. Gilman and E. C. Hurlbert. Messrs. Ainsley, Gilman, Robinson and others are taking a hand in putting the park in shape. The hedge is being trimmed and the park is to be given a general overhauling.

THE PRUNE SITUATION.

There seems to be considerable difference of opinion relative to the merits or demerits of the proposed plan to raise the freight rates five cents per hundred pounds for the purpose of creating an advertising fund to exploit prunes in the eastern states. We have heard a limited amount of the discussion and are free to admit both sides of the controversy have favorable points. But there is one thing apparent to the writer and that is that the grower (who already has been compelled to accept reduction after reduction until the price paid for his prunes now is below cost) is always asked to stand the expense—mainly. If there is to be a reduction he seems to be slated as the one to stand it.

Prunes have been steadily forced down to the non-profit point, but has anyone heard of freight rates, refrigerator rates, packing charges, etc., being reduced to any extent? Why not ask the Armour company to make a contribution out of their extortionate charges for refrigeration of the green fruit business?

However good the argument might be that the eastern trade will pay this five cent raise in freight, does not lessen the obligation of the railroads, packers, etc., to meet the grower half way.

Now a committee of thirty-five has been appointed—five from the packers, five from the Chamber of Commerce, five from the Merchants' Associations, five from the bankers, nine from the Co-operative Unions (largely packers) and six from the Granges. At best the growers only have fifteen on the committee of thirty-five—allowing all the unions as having fruit growers as representatives—which will be impossible, but the granges want to see to it that the best possible representatives are placed upon the committee.

Now as to marketing the fruit. Why this discrimination of $4 a ton in favor of boxed prunes as against sacked? It is now certain that prunes must be sent east unprocessed if the fruit is to keep, and if it will not keep the eastern grocer cannot be blamed for not wanting to stock up in the fall and hold it all winter, only to find the fruit unsaleable when opened, and as it is now our growers have to hold the crop while dealers buy as they want the fruit, or sell eastern apples, etc.

Sacked prunes, unprocessed, seems to be the thing desired, but it will be urged that less help will be employed in this manner. Well, why not let the committee use part of the money in furnishing carton boxes to the different growers, with their name and brand, and have them pack unprocessed prunes in this way. They will keep, be more attractive for sale and help to meet this objection of loss to labor.

But as it is the packers seem to have the growers by the throat and something should be done to make them understand their rightful place in the premises. You will notice that all the packing concerns are rushed to their full capacity now that practically all the prunes are in their possession.

Let Orchard City Grange and the Campbell Fruit Growers' Union send none but the most alert men to represent our district on the committee? Why not have one of the bankers come from Campbell? This is an important fruit center.

AT the republican meeting at Sorosis, Monday night, Col. Philo Hersey said, among other similar statements, "That he was a republican and not ashamed to acknowledge it. Could he say the same of a democrat?" In concluding his address he said he would vote the whole ticket, and if a voter cuts the ticket he sacrifices honor and principle. What rot to come from the lips of a supposedly broad-minded man! Is it possible there are no good men in any party save the one he belongs to? And will he not expect democrats to sacrifice "principle" and "honor" to vote for some of his political friends? Does he fail to remember when he ran for the Assembly, a few years back, that he asked some democrats to vote for himself, and did he then think they were sacrificing honor or principle in voting for a "decent man" on an opposing ticket. It is that hide-bound partisanship that is running our country to the dogs. There is too much "yellow dog" way of voting.

IF you have not already acquainted youself with the workings of the new voting machine, do so at once. It is proposed by Chairman Roll to have a machine in Campbell for several days previous to the election with a full list of county candidates' names placed in the machine—just the way it will appear on election day. It is to be hoped he can so arrange. Some voters at best will fail to vote right.

Now that Campbell is to become a city let us adopt a few absolutely necessary things. Can't we make arrangements with the Interurban company for incandescent lights along their track, especially in town? They have the power and a light from each pole would be the proper thing. We trust everything connected with the new road will be up-to-date and we believe it will.

PRESS NOTES

Dr. M. J. Gates is sporting a new office desk.

Miss Minnie Dawson is expected home the last of this week.

Herbert W. Lewis and family spent a number of days last week with his parents here.

October 30th Rev. E. D. Hale, of Niles, will preach in exchange with Rev. G. E. Atkinson.

Mesdames Marsh and Jackson, from Santa Cruz, have rented rooms in Mrs. Poor's house for the winter.

Mrs. C. N. Cooper and daughter have returned from a very pleasant visit with Charles Cooper and family of St. Helena, Napa county.

L. S. Robertson and family, who have been living at the Tibbett's house on Latimer avenue, have moved into Dr. Cooper's new cottage on Central avenue.

Herbert Wade and family, of Hollister, and Mrs. B. Wade and daughter, of San Francisco, came on Saturday to spend a few days with S. R. Wade and family, on Johnson avenue.

Dr. W. C. Evans, pastor of the First M. E. church of San Jose, has resigned to accept a pastorate at Topeka, Kan., and Dr. Hutsinpillar, formerly of San Francisco, has been transferred from the east to San Jose.

Rev. W. F. Stockdill, wife and two daughters, of St. Paul, Minn., visited with Rev. and Mrs. J. W. Lewis several days last week. They are looking over our state with a thought ot locating. He owns property in Campbell and we hope he will decide to remain here.

Rev. Atkinson is arranging an election service to be given on Nov. 6th, the Sunday evening preceding election. Mr. Atkinson will preach next Sunday as usual. His topic in the morning will be "The New Birth," being a continuation of last Sunday's topic.

FUNERAL DIRECTORS AND EMBALMERS

LADY ASSISTANT IF DESIRED

51 South Second Street, San Jose

Phone, Main 293

Mrs. J. S. Fay has been in Fresno.

Dr. Gates was in San Francisco today.

Miss Lulu Holmes has been ill the past week.

Your attention is called to Mrs. Gunsolus' laundry ad. in another column.

E. W. Preston has put in a full line of ammunition for the sportsmen hereabouts.

Ellen McMurray had a party for her friends on Monday evening. A jolly time was had.

Mrs. Kostenboder and Mr. Gerow are each building substantial additions to their Hopkins avenue homes.

As we go to press this (Thursday) evening we hear of the wedding of Bert T. Watson to Miss Ella Pratt of Iowa. The ceremony took place at the home of Chas. Townsend, Mr. Watson's brother-in-law. Rev. G. E. Atkinson officiated.

The benefit concert given last night by Brohaska's orchestra for Prof. Pannell was largely attended and very successful financially. The program was of a high order and called forth much praise from those present.

Tomorrow (Friday) afternoon the Sunday-school board of the M. E. church will meet for the election of afficers. In the avening the Epworth League will hold a business meeting at the home of Miss Tillie Hayes.

This afternoon a workman on the Interurban road had his arm hurt while lifting rails. He was brought to Dr. Gates' office where the arm was treated. It appeared to be only a strain and no serious damage will result.

The second floor of the Luehning packing house, San Jose, fell last Sunday at 7:45, fifteen minutes before the employers went to work, letting down 350 tons of prunes. No one was hurt and the Campbell contingent feel lucky. It will take a week to grade the mixed fruit.

At the first meeting of the official board of the M. E. church for this year, held Wednesday night, S. G. Rodeck was elected secretary and W. H. Blodgett, treasurer. The pastor is ex-officio president. The board of stewarts organized by electing Rev. J. W. Lewis chairman and E. C. Hurlbert secretary.

Republicans are to hold their first rally and open the campaign at Campbell tomorrow (Friday) night. The speakers will be E. A. Hayes, candidate for Congress, Eli Wright, candidate for State Senator, Ward Jarvis, candidate for Assembly and Frank H. Benson. The Campbell band will furnish music as will also a Stanford quartette.

The hunters around here haven't been very successful. Harlow Plimpton and the Martinia boys went to Guadalupe for quail, not never a quail. J. L. Hagelin and Andrew Johnson had good luck duck hunting at Alviso, but these are all we have heard of, and as the "proof of the pudding" is in the tasting, the editor has no tangible knowledge that any have been shot.

Prof. and Mrs. Simmons will give a gospel temperance song service Sunday evening at the M. E. church. These workers come highly recommended and no doubt there will be large turn out to hear them. The pastor will preach in the morning and special music will be rendered by the choir, composed of Mrs. J. F. Jenness, Misses Charlotte Davis, Zena and Florence Kennedy, sopranos; Misses Della Archibald and Emily Pannell, altos; Harlow Plimpton, Clarence Martinia and E. C. Hurlbert, tenors; John Morton and Dr. E. A. Sparks, bassos.

Ada Rebekah Lodge, I. O. O. F., had a jolly time at their meeting Tuesday evening. As a social feature the well-filled baskets of the ladies were auctioned off to the highest bidders and there was lively bidding. The following program was rendered: Piano solo, Miss Estelle Brown; recitation, Mrs. L. C. Watson; vocal solo, Miss Edna Briggs; recitation, Mrs. L. C. Miller; dialogue—"A Matrimonial Advertisement"; song, Master Ernest Downing; recitation, H. J. McGee. A very pleasant time was had.

The schools were closed Monday by order of the board of trustees, for this week, or until the status of the scarlet fever cases can be determined. Two or three new cases were reported which caused the trustees to take this means of protection to the schools. No serious fears are entertained as to the few cases already reported, as it appears to be of a light nature, but the greatest care should be taken to guard against a spread of the disease. It is absolutely necessary that all unsanitary places be attended to AT ONCE, to save our town from any possible danger. Let property owners look after cesspools, outbuildings, stables, etc., that no disease-breeding substance be harbored.

At a meeting of the Campbell republican club held on Saturday evening, Oct. 15th, S. R. Wade, presiding, after transacting business of a routine nature a number of persons signed the roll and a committee was appointed to make all arrangements for the meeting to be held Friday evening, Oct. 21st. The committee appointed were: Prof. E. A. Powers, W. H. Swope and Dr. C. N. Cooper. The following are named to act as vice-presidents of the meeting: Prof. E. A. Powers, Col. S. F. Cooper, W. H. Swope, Dr. M. J. Gates, Dr. Cooper, Rev. J. W. Lewis, J. L. Hagelin, J. Brynteson, W. H. Moore, H. B. Hall, A. C. Keesling, P. G. Keith, P. W. Keith, C. Berry, J. Bohnett, C. Hanger, Dr. A. B. Townsend, G. L. Beaver, E. C. Danforth, J. C. Ainsley, G. W. Snyder, J. A. Greene, F. Billings, H. Buffington, E. Pagel, L. Hutchins, I. Preston, B. G. Hurlburt, W. Shelly, B. O. Curry, D. L. Waite, Geo. Whitney, A. E. Harris, L. D. Downing, A. E. Sargent.

Miss Newton Married.

This notice will be of interest to our people as Miss Newton was for two years one of our high school teachers. Miss Jacqueline M. Newton was married at the home of her mother, Mrs. Frances Estabrook Newton, in Washington, D. C., October 18th, to Mr. Van Ness De Lamater.

Fred Tibbetts Successful.

President Wheeler's report to the regents at their last meeting providing for many changes in the faculty, was accepted in full. A partial report follows:

I recommend that Prof. Jas. T. Allen be allowed one year's leave of absence for the year 1905-06 at two-thirds salary. He has been connected with the university for seven years and is now engaged in a work which will be advantaged by a year's study in Germany.

That J. N. Hudson be appointed assistant in philosophy from July 1, 1904, with salary at the rate of $500 per annum.

That Frederick Horace Tibbetts be appointed assistant in civil engineering at $500 for the current university year, to succeed Mr. Crosby Miller, who was unable to accept.

That Mr. Wallace Stevenson be appointed assistant in butter making at $300 for the term from October 1 to December 15, to succeed Mr. Zimmerman, who was unable to accept.

Card of Thanks.

Permit me through the columns of the PRESS to return my heartfelt thanks to Miss Tillie and Fred Brohaska and the ladies and gentlemen of the orchestra who so kindly volunteered their services for my benefit; also the ladies and gentlemen who assisted in the supper department. May their business efforts through life be crowned with success is the earnest wish of CHARLES PANNELL.

PRESS NOTES

If you think the PRESS is worth a $ a year, send in the $.

Miss Jessie Lewis, of Union avenue, goes east this week, Michigan being her destination.

David Schuyler, of Colorado, is visiting his mother, Mrs. Schuyler, on Central avenue.

The regular monthly social of the Ladies Guild was held at the home of Dr. and Mrs. Windsor Tuesday afternoon.

Mr. and Mrs. John Duncan started for Michigan Wednesday, where they will visit Mr: Duncan's mother and other relatives.

The young people of the Christian Endeavor society spent an enjoyable evening at the home of George Righter last Monday.

Frank Hamilton, wife and daughter, of Union district, left on Wednesday for the World's Fair and the New England states on a visit.

The Christian Endeavor county convention will meet at Santa Clara on Saturday, Oct. 22, holding an all-day and evening session.

Rev. J. F. Jenness and family are moving today into the new Hartmann house on Harrison avenue, to remain until their own house is finished.

Mrs. E. F. Woodhull returned Wednesday from a visit to Lake Pilarcitos, bringing with her Mrs. W. B. Raymund and son of Los Angeles.

There will be a Farmers' Institute at Berkeley, Oct. 25 to 27, which promises to be exceedingly interesting, the program being very ably arranged.

J. C. Williams, wife and two sons have returned to Pennsylvania, after sojourning here for the summer. Plenty of work for them but homesickness took them back.

On November 15 a new rural delivery route will be added to Los Gatos, covering the mountain country south and southeast. The distance covered will be 26 miles.

At Sorosis hall Monday night the republican rally was quite a success. Manager Crandall has a way of doing things. Candidates Hayes, Mitchell and Jarvis were present.

The Fruit Growers' Union has been shipping about a half dozen cars a week of packed prunes to the eastern and European markets. At this rate all their prunes will soon be gone.

At a meeting of the Ladies Aid society of the Methodist church, held last week, the following officers were elected: President, Mrs. Brown; vice-president, Mrs. Kennedy; treasurer, Mrs. Hanger; secretary, Mrs. Murray.

A pleasant party was given by Mrs. E. Janes to a few young people Monday night. The amusement of the occasion was the game "500." Refreshments of seasonable dainties were served. Those present were Mrs. E. Janes, Mrs. Luther, Dr. and Mrs. Hartman, Miss Janes, Miss Catton, Prof. Powers and Ed. Merrill.

Notice of Stockholders' Annual Meeting.

Notice is hereby given of the Annual Meeting of the stockholders of Campbell Water Company, a corporation, to be held in this company's office, in Campbell, Santa Clara county, California, on Tuesday, November 8th, 1904, at 2 o'clock p. m., for the purpose of hearing the reports of the officers, electing a board of directors to serve for the ensuing year, and to transact any other business that may properly come before that meeting.

BENJ. CAMPBELL,
President.

J. H. RUCKER, Secretary.
October 1st, 1904.

ROUND ABOUT US.

Watsonville will have a coffee club.

Gilroy will have a new city hall built of stone.

Gilroy has a new coffee club, with a gymnasium as well.

The total registration in San Benito county is 1863 as against 2003 two years ago, a falling off of 140.

The supervisors of San Benito county have ordered that the matter of establishing a county high school be submitted to the voters at the November election.—*Gilroy Gazette.*

Editor Woodruff, of the Mayfield *Republican*, must feel that his purse strings are too short to tie up the coin that will be coming in from that 3-column legal notice in his paper.

Before moving into the new Carnegie library all the books of the Palo Alto library will be fumigated—some 6,000 volumes. On November 1st the new building will be dedicated.

H. D. Curtis has been shipping a car daily for some time past and the packing house is a busy place. Mr. Curtis reports a fair demand for his brands, at about the ruling prices.—*Los Gatos News.*

Palo Alto is to have a new depot, which will be the most handsome structure on the road. Stanford estate is to furnish the sandstone and the Southern Pacific will provide the labor and other material necessary.

Supervisor Roll is having the water carts stored under the sheds of the North Coast Lumber company. The property belongs to John Widney and has not been in use since the North Coast Lumber company went out of business, except for storing the county water wagons each winter, for which purpose it is admirably adapted.—*Santa Clara Journal.*

Morgan Hill is not so old in the fruit business as Los Gatos, but a visit to that place a few days since, convinced the writer that it is a happy and prosperous community. The early rains spoiled some hay which was out, but the pastures coming along will soon offset this damage. That section is suited to varied farming industry and for this reason is more desirable.—*Los Gatos News.*

All reports from the seat of war indicate that the Russian army is no longer retreating but has turned upon its pursuing enemy and is now the aggressor. It will be remembered that the Russian diplomat in his conversation with Rev. John MacInnis, as published in the Journal some weeks ago, declared that the Russians were pursuing just such a course as it now seems they are working, with prospects for success greatly increased.—*Santa Clara Journal.*

How does it look now, neighbor?

Work on the new gymnasium is being rushed. Fifty men are employed now upon it and part of the work goes forward Sundays as well as through the week. Accidental and unexpected delays aside, this building will be ready for use by the beginning of the next college year. The stone and brick work is almost done and as soon as this is complete the laying in of the large steel girders and beams will be rushed along. The outside walls are complete and the metal cornice running around the building is now being installed.—*Palo Alto Times.*

The Block packing house is near the end of the fruit shipping season, with the exception of light shipment of apples which they may send forward from now on. The shipping season began with them about the middle of May, when they started in on cherries, plums, pears, quinces and peaches followed each other in quick succession up to last Saturday, when the season practically closed with the exception of apple shipments from time to time. The amount of money spent by this firm during the season for fruit and labor would astound the uninitiated. We regret we have not the figures at hand, but enough is known to justify the statement that $100,000 will not miss the estimate very far.—*Santa Clara Journal.*

One dollar buys the PRESS a year.

"Suicide of Capitalism."

The following from the daily *Spokesman-Review*, of Spokane, Wash., is so good a report of what Walter T. Mills, the socialist speaker, said in his address here last week, that we reproduce it for the benefit of those wishing to be posted on this question:

"The Rockefeller interests are buying up the productive interests of the earth at the rate of $3,000,000 a week," said Walter Thomas Mills, well known socialist speaker, to an audience of 700 people at the Georgia Stone hall last night. The subject of Mr. Mills' speech was "The Suicide of Capitalism," and the introductory statement was made in his argument to prove that capitalism is to be its own destroyer. He argues, "Inasmuch as the incentive to make money is based on the desire of the entrepreneur to reinvest and make more money, and so on ad infinitum, it is self evident that in time there will be no possible way of making further investment, and that therefore when capitalism shall have bought the productive property of the world, the motive for industry will be destroyed, resulting in the destruction of capitalism. With the absorption of all the markets of the world, of which Senator Beveridge says only the orient remains to us, capitalism will be unable to sell its goods, and when capitalism cannot sell its goods, in order to reinvest its money, then it can not employ labor and will fail to exist. And that it should fail to exist is proven by the following facts:

"First—The strife of modern commerce is so intense that statistics show that the largest group of the insane of our land are from among the managers of the corporation industries of the country.

"Second—The factory system has made so serious an inroad on the workers of England that three times within 50 years the physical requirements to be met by candidates for the English army have had to be made easier.

"Third—Recent statistics show that there are over 2,000,000 boys and girls between the ages of 10 and 16 employed in the manufactories and mines of this country.

"The conclusion is that a system which dooms its master minds to insanity, its workers to deformity and makes war on innocent childhood is self destroying, and cannot last.

"Socialism," continued Mr. Mills, "does not seek to destroy capitalism, but through public ownership of the working plants, through co-operation of the management of industries and by making the purchasing power of every workman as great as possible, it will be able to secure a clear market, provide a motive for industry, and employ all laborers with a shortened working day and a lengthened life."

Mr. Mills sees the possibility of success for the socialist party four years hence, but says that it depends largely on the polling of a million votes for Debs this fall, and it is this million which he is pleading for in his present addresses.

IN THE SUPERIOR COURT OF THE State of California, in and for the County of Santa Clara. In the matter of the estate of Henry Van Syckle, deceased.

Eleanor G. Van Syckle, John W. Van Syckle and Henry E. Van Syckle, as the executors of the last will and testament of Henry Van Syckle, deceased, having filed herein their duly verified petition praying for an order of this court authorizing and directing them to borrow the sum of $20,000.00, or such less sum as the court may deem necessary wherewith to pay the debts of said decedent; and to make, execute and deliver a note or notes to evidence said loan and to provide for its repayment with interest, and for the purpose of securing the payment of said loan and interest to mortgage to the lender of said money the following described real property of said estate, namely:

FIRST—All that certain tract of land situated in the county of Butte, State of California, described as follows, to wit: The fractional north one-half of Section 31, in Township 20 North, Range 2 East, Mount Diablo Base and Meridian, containing 309.20 acres.

SECOND—All those certain tracts of land situated in the county of Glenn (formerly a part of Colusa county) State of California, described as follows: "A." Beginning at a stake on the south line of Walsh's (now or formerly) Home tract; thence south 89½° west along Walsh's fence (now or formerly) 40 chains to a stake, corner, thence south 39 chains, thence west 2 chains, thence south 9 chains and 70 links to the middle of Stony creek, thence down the middle of Stony creek to St. John's (now or formerly) and thence north 66 chains and 50 links to the beginning, containing 236 acres and being a portion of the Capay Rancho.

"B." Commencing in the center of the county road leading from Colusa to Tehama at a point on the north bank of a slough running across said road about one mile north of St. John's house (now or formerly) on Stony creek, thence running northerly up the center of said county road to the south line of land which belonged (now or formerly) to the late R. J. Walsh, thence west along said south line of Walsh to the northeast corner of the land of Van Syckle (on Aug. 16, 1867), thence south along the eastern line of said lands of Van Syckle to the bank of said slough, thence along the north bank of said slough to the place of beginning, containing 200 acres of land.

"C." Commencing at a mound known as the southeast corner of St. John's ranch (Oct. 16th, 1868) on the division line between the lands (now or formerly) of Jones and St. John, running thence due north to the county road north of Stony creek, thence with the said road in a northerly direction to the north margin of a deep slough, running thence with the meanderings of said slough in a westerly direction to the line between the lands (now or formerly) of A. C. St. John and of Henry Van Syckle, thence due south to the middle of Stony creek, thence down the middle of said creek until it intersects the south line (now or formerly) of Jones and St. John, thence along said line to the point of commencement, containing 300 acres of land, more or less.

Excepting from said two parcels of land described above as "A" and "B," a strip off the eastern side thereof, owned, occupied and used by the Central Irrigation District, a corporation, as and for a ditch or irrigation canal.

It is ordered that all persons interested in the said estate appear before this court, at its court room, in the court house of the county of Santa Clara, State of California, in the city of San Jose, in said county of Santa Clara, on FRIDAY, THE 11TH DAY OF NOVEMBER, 1904, at 10 o'clock A. M., then and there to show cause why said prayer of said petition should not be granted and why said money should not be borrowed or said note or notes made, and the above real property mortgaged to secure a loan to said estate of $20,000.00, or such less amount as the court may deem meet wherewith to pay the debts of said decedent, and that this notice be published at least once a week for five consecutive weeks, in the CAMPBELL INTERURBAN PRESS, a newspaper of general circulation, printed, published and issued in said county of Santa Clara, before the said day last above mentioned.

For all further particulars of said petition and the relief therein asked for, reference is hereby made to said petition on file herein.

Dated the 27th day of September, 1904.

HIRAM D. TUTTLE,
Judge of said Superior Court.

Endorsed, filed Sept. 27, 1904.

HENRY A. PEISTER, Clerk.
By W. DENKER, Deputy.

H. E. WILCOX and D. M BURNETT, Attorneys for Petitioners.

For the Little Ones.

Here is an interesting experiment, boys and girls: Take a wet lead pencil point and draw on thick paper a triangle, which need not be mathematically perfect. Take a basin of water and lay this paper on the surface of the water, with the drawing up. Very carefully fill the space inside the lines with water. (The water will not flow beyond the lines which you drew with your wet lead pencil point.) Next take a needle or pin, dip the point of it into the wet triangle near one of the angles, but don't let it touch the paper. Now an odd thing will happen. The paper will be sure to move on the water until the center of area comes directly under the point. You should previously have found where the center of area is by drawing lines from any two angles to the centers of the opposite sides. The point where the two lines cross will be the center of area. Try this interesting experiment.—Ex.

Choice of Routes East

Is offered by Southern Pacific. You want the best—the one that suits you best. SHOW ME!

To use a common expression, "I'm from Missouri; show me!"

This is just exactly what we want to do—we want to show you the cleverest **FALL SHOES** that it has ever been our good fortune to look at; the shoes are so artistic that you would be doing yourself the greatest injustice if you overlook us this season. We are doing a big business, in fact more business at times than we can take care of, but ambition knows no limit. We get our business through the superiority—through the merits of our merchandise, and the models we are showing today are so full of fetchiness, character and clever lines that you can't give them the overlook.

HOFF & KAYSER, **POPULAR PRICE SHOES**

95 SOUTH FIRST STREET, SAN JOSE

"Can't Afford to Paint."

The man who says that, forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.

How often you require to paint is largely dependent upon the paint you use.

THE SHERWIN-WILLIAMS PAINTS

out last others. They are the most economical paints you can use, because they cover most and wear longest. Add to this their good appearance, and you have perfect paints—*The Sherwin-Williams Paints.*

They are made for many different kinds of painting. Whatever it is you want to paint—a house, or anything in or out of the house—we make the right paint for that particular purpose—not one slap-dash mixture for all.

SOLD BY

Farmers Union Branch

CAMPBELL, CAL.

Climatic Conditions Ideal for Fruit Culture.

By E. J. WICKSON.

Professor of Agricultural Practice, University of California, and Horticulturist of the California Experiment Station; author of "California Fruits and How to Grow Them" and "California Vegetables in Garden and Field;" Horticultural Editor of the "Pacific Rural Press," of San Francisco.

(Continued from last week.)

The distant reader can better understand the confidence with which the foregoing declarations are made when the demonstration in terms of volume and value is cited. A quarter of a century ago California did little beyond the supply of her own people. Since then the advancement has been rapid, and the following is her position among the states and the volume of the product by which it is attained, as compiled from the twelfth census of the United States:

RANK OF CALIFORNIA IN THE UNITED STATES IN THE PRODUCTION OF FRUITS.

Kind of Fruit	Rank Among States	Product of 1899
Almond	1st	7,142,710 lbs.
Apple	14th	3,488,208 bu.
Apricots	1st	2,547,064 bu.
Cherry	2d	318,960 bu.
Fig	1st	10,620,366 lbs.
Grape	1st	721,433,400 lbs.
Lemon	1st	878,305 boxes
Olive	1st	5,040,227 lbs.
Orange	1st	5,882,193 boxes
Peach	1st	8,563,427 bu.
Pear	1st	1,912,825 bu.
Plum and Prune	1st	5,632,036 bu.
Walnut, English	1st	10,668,065 lbs.
Total value	1st	$29,762,779

Four crops have been gathered since the census year, and the California fruit interests have notably advanced. Including this and the lesser fruit products omitted from the above enumeration, a total value at the present time would be upward of $35,000,000.

The records already cited to show the pre-eminence of California in the fruit industries of the United States convey also, by inference, an idea of their importance in the development of the state, but a definite measure thereof is pertinent This is found in the growth in assessed valuation of a number of counties which have the greatest orchard and vineyard interests:

ASSESSED VALUATION IN MILLIONS OF DOLLARS.

County	1876	1903
Santa Clara	27	60
Sonoma	15	28¼
Napa	8	13
Solano	9	19
Placer	5½	7½
Fresno	8	31
Los Angeles	14*	165
Orange	—	13
San Bernardino	2½†	17
Riverside	—	14
San Diego	2½	18¼
	91½	386

*Including Orange
†Including Riverside

NOTE.—The above article is from the California 12-page edition of the New York World. It was prepared by the California Promotion Committee and contained many valuable articles which will do much to advertise this state in the East.—ED.

Curious Card Shows Age.

Let any person under 64 years of age point out all the columns in which his age is found. Add together the numbers at the head of these columns, and the sum will be his age:

A.	B.	C.	D.	E.	F.
1	2	4	8	16	32
3	3	5	9	17	33
5	6	6	10	18	34

TAXES, 1904

OFFICE OF THE TAX COLLECTON,
County of Santa Clara,
San Jose, October 10th, 1904.

NOTICE IS HEREBY GIVEN THAT the taxes for the year 1904 are now due and payable:

FIRST INSTALLMENT—Taxes on all personal property, a lien on or secured by land, all special taxes, and one-half of the taxes on all real property are delinquent on Novembor 18th, 1904, at 6 o'clock p. m., when 15 per cent. will be added to all of said first installment remaining unpaid.

SECOND INSTALLMENT—The remaining one-half of Taxes on all real property will be due and payable January 4, 1905, and delinquent April 25, 1905, at 6 o'clock p. m., when 5 per cent. will be added to all taxes remaining unpaid.

Taxpayers may, if they desire to do so, PAY THE WHOLE TAX AT ONE PAYMENT.

For the purpose of receiving taxes I will be in the several townships of the county, as follows:

MORELAND DISTRICT:—At the Bank of Campbell, in the Town of Campbell, on Thursday, October 27th, 1904.

And in my office in the Court House of San Jose daily, Sundays and legal holidays excepted, from 9 a. m. to 5 p. m. to and including Monday, November 28th, 1904, and Monday, April 25th, 1905, at 6 p. m.

The second installment of Taxes is payable at my office in the Court House in San Jose.

N. B.—All persons who paid the County Assessor their personal property taxes for 1904, at the tax rates of 1903, are hereby notified that the rate for 1904 having been increased, there remains due a balance, payable at my office under the same conditions as to delinquency as the taxes on real property.

WM. A. JANUARY,
Tax Collector of Santa Clara County.
